CLARIFICATION REGARDING SECOND FLOOR FITNESS CERTIFICATE

I am hereby submitting the building fitness certificate for our school building, which currently includes the ground floor and first floor only. Due to an increase in student admissions, the management has constructed an additional (second) floor, and the construction has been completed. The school has applied for a fitness certificate for the newly constructed second floor, and the application is currently under process. Once the fitness certificate for the new floor is issued, it will be uploaded accordingly.
